

Reference Letter For Jose Batista Do Rego

My name is Brent Van Rensburg, and I am the co-founder of the Zip Zap Circus School based in Cape Town South Africa. I met Jose in 1992 and began to teach him circus skills. For the following 15 years, Jose performed juggling acts, acrobatic vaulting, low and high wire, flying trapeze and static trapeze which he later performed in Monte Carlo, dance, music just to mention a few, however Jose's passion was always drawing him towards comedy. Over the years Jose has developed many comedy acrobatic acts, and at an early age, I truly believe he is one of the great practitioners of comedy. Jose is a consummate professional, who gives 100% of himself at every performance and I have been witness to hundreds of shows with him. I am extremely proud to have been a part of this great artiste's life. The legacy he has left at the Zip Zap School continues to inspire his little brothers and sisters that follow in his footsteps.

Regards
